Growth Management Plan

FREEDOM TOWNSHIP PLANNING COMMISSION

11508 Pleasant Lake Road
Manchester, Michigan 48158

November 4, 1997

Citizens of Freedom Township:

The following report describes the Freedom Township Growth Management Plan which was adopted by the Planning Commission on January 15, 2002. This Plan resulted from analysis of the Plan adopted in 1997 and citizen input at a public hearing held on January 15, 2002 before adoption.

The intent of this Plan is to provide the Township with a long-range guide for future development and a policy statement upon which to base future zoning decisions. Much of the background data and analysis which went into the preparation of the adopted Plan are included in this document as well as recommendations for future growth and natural resource preservation. The report provides information in summary form on the population, land use, and natural features of the Township, the goals and policies the Township intends to pursue, and a description of the Growth Management Plan itself. It is hoped that the effort expended on the preparation of this plan will assist the Township citizens in attaining a better living environment in the years to come.

Sincerely,

Stan Tschiltz
Chair
